PROFESSIONAL SUMMARY

Motivated Master of Computer Applications (MCA) student currently entering the second year at Nutan Maharashtra Institute of Technology and Management. Passionate about Java, Software Development, Web Development, and Database Management. Hands-on experience building academic projects using Java, Node.js, Express.js, MongoDB, HTML, CSS, JavaScript, and Python. Seeking a Software Developer or Java Developer internship/full-time opportunity to apply technical skills and continue growing as a developer.

CERTIFICATIONS: IBM SKILLSBUILD – WEB DEVELOPMENT FUNDAMENTALS | TCS ION – PRESENTATION SKILLS

SKILLS

- Languages: Java, JavaScript, Python, TypeScript
- Frontend: HTML, CSS, Bootstrap, React.js
- Backend: Spring Boot, Node.js, Express.js, JDBC, Servlets, JSP
- Database: MySQL, MongoDB, Mongoose
- Tools & Platforms: Git, GitHub, VS Code, Eclipse, MySQL Workbench, MongoDB Compass

ACADEMIC PROJECTS

Lost & Found Portal

Tech Stack: Node.js, Express.js, MongoDB, HTML, CSS, JavaScript

- Developed a web application to report and manage lost and found items.
- Implemented secure user authentication and login system.
- Designed MongoDB schemas for users and items.
- Implemented admin approval workflow, item status tracking, category management, and image upload functionality.

MedSphere – Unified Hospital Information Management System

Developed a centralized Hospital Information Management System for managing patient registration, appointments, medical records, billing, and hospital operations through a secure role-based platform. Designed with a scalable architecture to support multiple departments and future expansion.

Tech Stack: Java, Spring Boot, MySQL, HTML, CSS, JavaScript, Bootstrap, REST APIs, Git

- Implemented secure role-based access for Admin, Receptionist, Doctor, Laboratory, and Pharmacy staff.
- Designed modules for patient registration, appointments, electronic medical records (EMR), billing, and report management.
- Built a scalable architecture to support centralized patient records across multiple hospital buildings and departments.
- Focused on data security, modular design, and future scalability.

EDUCATION

Master of Computer Applications (MCA)

July 2025 - July 2027

Nutan Maharashtra Institute of Technology & Management, Pune

Bachelor of Computer Applications (BCA) | CGPA: 8.5

June 2022 - June 2025

S.S.B.E.'S Institute of Technology And Management, Nanded, Maharashtra
